

ASP Conservation Webinar Series, Spring 2021

Mining, Habitat Connectivity, and Hunting

These webinars will address the complexities of three impacts on primate conservation: a) the extraction of minerals, and effects on human & non-human primate well-being and biodiversity; b) roads & agroforestry that incise primate habitats and innovations to help primates bridge gaps; and c) the impact of primate hunting & wildlife markets on indigenous human populations.

Mining and Risks to Human Welfare & Biodiversity

Thursday, Feb 25, 4-5:30 EST

Organizer: Arioené Vreedzaam, University of Suriname; Tulane University School of Public Health and Tropical Medicine, Suriname

Speakers: Kelly Boyer Ontl, Ball State University, IN, Senegal
Mrinalini Erkenwick Watsa, Institute for Conservation Research, San Diego Zoo Global, Peru

Bridging Primate Habitats

Thursday, March 25, 3-4:30 EDT

Organizers: Tremaine Gregory, Smithsonian Conservation Biology Institute (Peru) & Fernanda Abra, Smithsonian Conservation Biology Institute, ViaFAUNA, Brazil

Speakers: Anna Nekaris, Oxford Brookes University (Indonesia)
Fernanda Teixeira, Universidade Federal do Rio Grande do Sul, Brazil
Bibi Linden, University of Venda, Lajuma Research Centre, South Africa

Hunting, Wildlife Markets, and Food Security

Thursday, April 8, 3-4:30 EDT

Organizer: Christopher Shaffer, Grand Valley State University, MI (Guyana)
Speakers: Cortni Borgerson, Montclair State University, NJ, (Madagascar)
Carolyn Jost Robinson, Chengeta Wildlife, West & Central Africa

Webinar organizers (clockwise): Arioené Vreedzaam, Tremaine Gregory, Christopher Shaffer, & Fernanda Abra

Moderator: Herbert Covert; Technical advisor: Jennifer Cramer

Links to registration for each webinar can be found [here](#). Once registered, a Zoom link will be sent one week before each webinar. Contact Jennifer Cramer (jdanzycramer@gmail.com) with questions. The webinars are free and open to all. They will be recorded.
