$60 USD

Trip Overview & Package Inclusions

Join us for an unforgettable biological exploration at world-renowned La Selva Research Station. Situated at the confluence of two major rivers in northern Costa Rica, La Selva protects over 1,600 hectares of primary tropical wet forest and high-biodiversity ecosystems.

Included in Your Package

- ✓ **Round-trip Transportation:** Private coach directly from the Radisson Hotel.
- ✓ **Guided Naturalist Walk:** Expert-led exploration of primary rainforest trails.
- ✓ **Full Tropical Lunch:** Prepared fresh at the station cafeteria.
- ✓ **Afternoon Snack:** Refreshments provided before departure.

Rainforest Experience & Research Facilities

World-Class Research Station
Arial perspective of the station facilities nestled seamlessly into the dense tropical rainforest ecosystem.

Field Exploration
Trails allow groups to explore canopy walkways, suspension bridges, and paved forest paths..

Biodiversity & Wildlife Highlights

La Selva is home to over 500 species of birds, 125 species of mammals, and thousands of plant and insect species. Keep an eye out for iconic species during your guided trail walk.

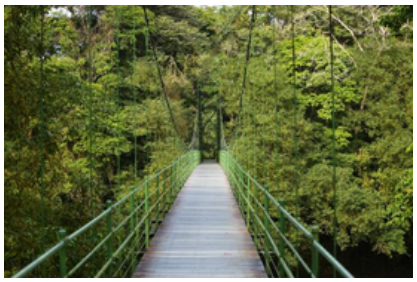

For your comfort and safety, wear water-resistant hiking or rain boots. Choose neutral-colored clothing instead of bright colors. Long sleeves and pants are recommended, and mosquito repellent is encouraged.
